Dec 17
The Mansion,
Ampang Ritchie

We understand that ageing can be a challenging journey, and we're here to help with thoughtful, quality solutions for you and your loved ones! Introducing **Care Concierge Open Day**, a monthly programme designed to impart knowledge on senior care, and nurture intergenerational family relationships.

What To Expect

- ✓ Learn about the importance of intergenerational relationships for the wellbeing of the family
- ✓ Gain knowledge and tips for simple, day-to-day senior care
- ✓ A glimpse of how we use Montessori-inspired methods to design daily activities for seniors
- ✓ Engage in Christmas-themed, intergenerational activities, where seniors, children and grandchildren can all participate to strengthen family bonds.
- ✓ Be treated to a private tour of our top-class facilities

333, Persiaran Ritchie,
Desa Pahlawan,
55000 KL

Meet Our Expert Speakers

Philomena Chan

*Head of Programmes and Clubhouse and
Founder of Philosophise*

With maturing parents and multi-tasking as caregiver, provider and more, Philomena's active participation in Care Concierge gives shape and form to Malaysia's first intergenerational daycare, designed to cultivate holistic living amongst seniors.

Believing that quality of life matters most to our elders, Philomena is led by Care Concierge's brand pillars — psychosocial, cognitive and physical. She draws on industry best practices, real-time needs, demands of a sandwich generation, as well as personal events to offer purposeful experiences to members of the club.

Christina Teo

*Care Concierge Activities Facilitator
Understanding Dementia, University of
Tasmania; Pedagogies of Montessori, UK
Understanding Dementia MOOC, Australia
In training for Montessori for Dementia, USA*

Christina found her forte through the 30 years in setting up and revamping preschools, kindergartens and playgroups while home-schooling her four children, who are now in their undergrad years.

In this season, she is also the caregiver to her ageing parents, hence further applying the principles of Montessori for Dementia in pursuit of providing for them and other seniors a meaningful and well lived life.
